APPOINTMENT OF MAYOR ATHERTON IS NOT CONFIRMED

Seymour Loses Out For City
Sealer of Weights and
Measures

**HEADS OF DEPARTMENTS
WARNED BY COUNCILMEN**

Must Live Within Income
and That No Bonds Will
Be Issued

At a regular meeting of the city council last evening considerable business was transacted, including the report of the finance committee recommending the appropriations for the fiscal year ending June 30; the report of Former Director of Public Service W. C. Christian, which covered the four years Mayor R. C. Bigbee served in office, Mr. Christian having charge of the service department, the report of City Auditor A. Nelson Dodd, and City Treasurer Cliff Frye; the confirmation of William Butler as a member of the board of health and the refusal of council to confirm Mayor Atherton's appointment of William F. Seymour as sealer of weights and measures and the passage of the tree trimming ordinance of Councilman Frank Knauber.

President of the Council R. L. Williams called the body together at shortly after 7:30 o'clock and demonstrated that he is a real parliamentarian and is making a splendid presiding official for all business was concluded and council had adjourned a few minutes after 9 o'clock. President Williams allows no drags and business is conducted with a regularity which proves the present council intends doing things and under his able guidance will make a record for effectiveness and which will redound to the credit of the city.

The roll call by Clerk J. S. Woodward disclosed that Members Charles Redman, T. D. Keyes, T. A. Bazler, Peter Faust, Lester Newkirk, Frank Knauber, S. O. Riggs, J. R. Ashbrook and Philip Baker were present. After the reading of the minutes of the previous meeting Clerk Woodward reported that no bids had been received for the \$11,000 worth of motor truck bonds, the money for which would have been used in the purchase of motor trucks for the North and West End fire departments.

Mayor Atherton next named Wm. Butler as a member of the board of health and the appointment was immediately confirmed by council.

The mayor next named William F. Seymour as his appointment for city sealer of weights and measures. (Continued on Page 2, Col. 5.)

PERFECT DEVICE FOR USE AGAINST THE SUBMARINES

ASSOCIATED PRESS TELEGRAM
Washington, Jan. 22.—The "non-ricochet" shell, a weapon as deadly as the depth charge, is the newest device perfected by the navy ordnance experts for use against German submarines.

The new shell dives when it strikes the surface of the water instead of bouncing as do the ordinary missiles used in either naval or coast defense. In addition, through the use of a new fuse, the charge can be made to explode on contact with a solid surface under the water or at a pre-determined depth. The value of the latest anti-submarine weapon lies in the fact that shots which fall slightly short will be of as much effect as those which register direct hits. Pursuing its course beneath the water, the shell will explode against the side of the submerged submarines. Similarly, when these shells are aimed at a periscope of a submarine, headed bow-on, there is a material increase in the chances that an over-shot will take effect somewhere along the hull.

The navy department has forbidden the publication of details of the invention, but it is known that the British and French admiralties also have adopted it.

OHIO TROOPS AT CAMP SERIDAN WILL NOT MOVE

Camp Sheridan, Montgomery, Ala., Jan. 22.—Major General Charles C. Treat, commander of the Buckeye division, issued a statement today to soldiers of his command, explaining in detail the order which has restricted officers and men from leaving the camp for the last two weeks. His statement has set at rest rumors that the Buckeye division is about to move from Camp Sheridan.

General Treat declared in his statement that the restrictions have been imposed solely and entirely because of the presence of disease in Montgomery. Rumors that some secret preparation is being made for the movement of Ohio troops from Camp Sheridan, he declared, are absurd.

SECOND BOMB IS SENT GOVERNOR

Gov. William D. Stephens.

A mail clerk recently intercepted a bomb addressed to Gov. William D. Stephens of California, whose home at Sacramento was damaged by an explosion of dynamite December 17.

OBJECTORS WILL BE FED IN PROPORTION TO AMOUNT WORK

Camp Sherman, Chillicothe, Jan. 22.—Upwards of 125 Mennonites, Amish and other self-styled "conscientious objectors" inducted into the service of the National Army and who have declined to do any manner of work here for the most part may be fed in proportion to the amount of work they do, if the plan advocated by officers who have them in charge is approved. Since persistently declining to drill or even to keep barracks in order and to do other police work, the men, for the most part, have been sent to the base hospital where about one-third of them have done some work, such as scrub floors, shovel snow and the like.

The men have refused to take their pay and the removal of two men, considered the ring leaders of the objectors, has failed to alter their stand.

Six of the men, while firm in their protest against service, have done such excellent work as to deserve promotions. All were offered non-commissioned officerships, but all turned the proffer down.

Medical officers say that the men are for the most part possessed with abnormal mentalities to such an extent that they may be considered insane in a sense. The officers say that most of the men are related and that part of their difficulty is caused by inter-marriage.

Major Huber, in command of the base hospital, has turned over the hospital chapel to the objectors, where they hold religious services several times a day. Officers have hesitated to take drastic action in the case for fear of giving the men a chance to raise the cry of "martyrdom" on the score of religious persecution in case such action was taken.

One "objector," who said he was a Quaker, will face courtmartial proceedings, officers say, as a result of the discovery that neither he nor any of his relatives had ever belonged to that denomination.

Camp Sherman today put aside their leather putties, fur collared coats and other wearing apparel for which the army regulations do not provide, following the arrest of upwards of a hundred soldiers for wearing the banded garments.

Inspectors from the inspector general's department at Washington ruled that since the issuance of the necessary service caps there is no necessity for selecting wearing the knitted helmets, except in case of extremely cold weather. The only exception to the rule is that all of the men wear them, it was said, at headquarters today.

Joseph Leiser of Joplin, Mo., a special representative of B'nai B'rith, is at Camp Sherman to organize the social welfare work of the society for the Jewish select in the 33rd division. A welfare house, with a gymnasium, shower baths, writing and reading rooms and an auditorium, will be established in Chillicothe.

HANK GOWDY TO BE HONORED ON RETURNING HOME

ASSOCIATED PRESS TELEGRAM
Boston, Jan. 22.—"I have notified Hank Gowdy the Boston Braves, the first ballplayer to enlist, that the National League will take good care of his dependents in the event of his inability or effacement," John K. Tener, president of the National League, said yesterday while here as chairman of the Ellis committee which is to build a hospital in Boston for the crippled soldiers. Already he has plans to make it plain to Sergeant Gowdy in his return just how much we feel indebted to him for the honor he conferred on the National League by being the first to forsake the comparatively easy ways of baseball for the active service of his country," Tener added.

ANOTHER COLD WAVE.
Columbus, Jan. 22.—Another cold wave, with temperatures about zero, is due to reach Ohio tonight, according to the weather bureau. The cold weather will be accompanied by snow in northwestern Ohio.

ARE DESPERATE BECAUSE OF A LACK OF FOOD

Cry For Peace In Dual Monarchy Accompanied By
Incipient Revolt

**GENERAL WAR WEARINESS
IS SHOWN BY THE WORKERS**

Clashes Between Civilians
and Soldiers, Latter Re-
fusing to Fire

ASSOCIATED PRESS TELEGRAM
London, Jan. 22.—Austro-Hungary's cry for peace, accompanied apparently by a condition of incipient revolt, is featured by the morning newspapers as a fact that is hurrying the dual monarchy to a crisis. Long dispatches from Amsterdam show that the workers have become desperate because of lack of food and general war weariness.

There is an evident connection of the strike movement, with the negotiations at Brest-Litovsk, which have encouraged the socialists to insist that the war shall not be prolonged merely for the purpose of territorial aggression.

While most newspapers here attach the greatest importance to the upheaval and some infer that the Austrian government is encouraging the movement in a genuine endeavor to promote peace, the fact that the censorship has permitted reports to be telegraphed from Vienna with unwelcome freedom, suggests to other commentators that there may be a deliberate purpose behind the license allowed in Vienna. The Daily Mail, for instance, suggests that it may be an instance of shamming death to impress the labor parties of the entente countries with the idea that Austria is ready to accept a Bolshevik peace.

Reports from Switzerland mention the arrest of peace demonstrators at some places in Austria. Clashes between Hungarian civilians and soldiers are reported, while in some instances it is said the soldiers refuse to fire on the demonstrators when ordered to do so. LOOK FOR RESUMPTION OF PARTISAN DEBATE WHEN SENATE RESUMES

ASSOCIATED PRESS TELEGRAM
Washington, Jan. 22.—Indications were today that partisan debate in the senate, precipitated by Senator Stone's attack on the Republicans and Theodore Roosevelt, will break out again Thursday when sessions are resumed.

A two-day adjournment was arranged last yesterday in the hope that both sides would cool off and the permit the controversy to drop, but many senators did not take the floor and probably will insist on being heard.

Packed galleries listened to Senator Stone accuse the Republicans of playing politics and denounce Roosevelt as the "most seditious man of consequence in America," as the senator's speech had been given plenty of advance notice. The sallies of Senator Penrose, who replied for the Republicans, provoked considerable laughter at times, and Vice President Marshall, on one occasion, would have cleared the galleries but for Senator Jones' point of order that most of the disorder was among the senators themselves.

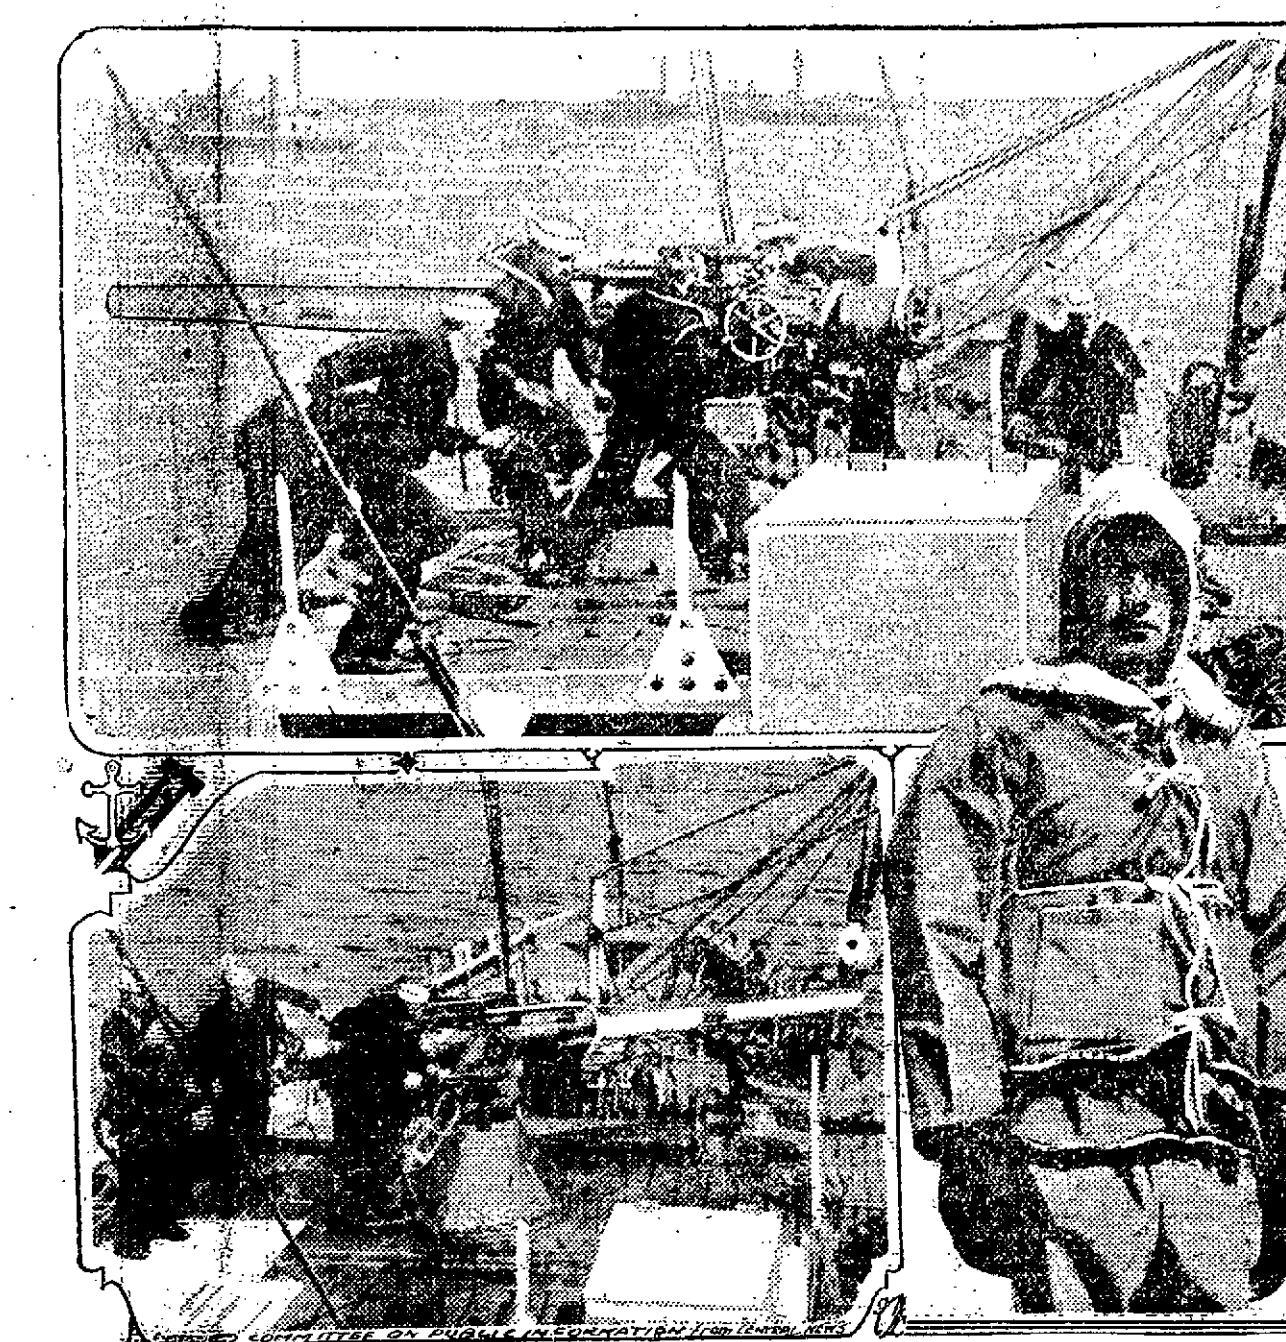

FIGHT ENDS IN DESTRUCTION OF GERMAN MACHINES

ASSOCIATED PRESS TELEGRAM
With the French Army in France, Monday, Jan. 21.—Thousands of soldiers in the vicinity of Verdun Saturday witnessed a most exciting air fight, which ended in the destruction of three German machines. In the afternoon of the first bright day for weeks a squadron of six enemy machines appeared above the ruined city of Verdun. While a heavy barrage from the French artillery greeted them, three French chasing machines ascended in an endeavor to cut off the retreat of the Germans.

One of the enemy fliers attacked a French observation balloon, which it set on fire, the occupant of the balloon dropping in his parachute to safety. One of the French chasers caught this machine under crashing to the ground. Then the same Frenchman pursued the other Germans, and after a sharp fight, in which there was much clever maneuvering, sent down another victim with his wings broken.

An hour later the third enemy was destroyed by the same French squad. Sunday morning a fourth enemy flier was seen, and his end in a combat with a French opponent a short distance from the same spot.

CLAIM AUSTRIA WILL CONTINUE PEACE EFFORTS

(Compiled from A. P. Dispatches.)
Austro-Hungary will continue to strive for a general peace but on the terms previously offered. This is the answer given the leaders of discontented Austrian workmen who have quit work to demand peace, by Dr. von Seydler, the Austrian premier. Emperor Charles, he said, desired to end the war at the earliest possible moment.

No new peace terms were enunciated and the labor leaders were told that responsibility for continuation of the war rests upon the entente allies, who had refused Austria's offers. All plans for territorial aggrandizement as a result of the war were disclaimed by the premier. Other ministers promised electoral reforms and a relaxation of the rigid military law. The labor leaders then called upon their comrades to resume work, but the latest information is that the general strike is still in progress, with disorders at some places.

Resignations of the Austrian ministry most probably that of von Seydler, is reported by a Berlin newspaper, but there is no press or official confirmation. Count von Torggenburg, minister of the interior, is said to have been asked to form a new cabinet.

Importance is attached to the Austrian political situation by London newspapers, some of which believe that the government is aiding the workmen's propaganda for peace in the hope of influencing the Brest-Litovsk negotiations. The fact that the Austrian government permitted full reports of the meeting between the labor leaders and the ministry to leave the country is looked upon as significant.

Dr. von Seydler indicated no lessening of the demands on Russia and a German newspaper reports that unless the Russians accept the offer of the central powers the peace negotiations will be broken off. The French government has suspended until January 29, as Foreign Minister Torggenburg, head of the Russian delegation, has gone to Petrograd for consultation with his government.

Almost complete military inactivity persists on the fronts in France and Italy. On the Macedonian front Bulgarian troops have attacked the French positions, west of the Vardar heavily. The efforts came as a violent artillery preparation and the Bulgarians were able to enter the trench at only one point, from which they were thrown out immediately by Greek troops. A serious break in the entente line, west of the Vardar, might have important results. Berlin reports that the Bulgarians were successful in patrol engagements.

ASKS AUTHORITY TO ISSUE BONDS

ASSOCIATED PRESS TELEGRAM
Columbus, Jan. 22.—The Baltimore & Ohio railroad today asked permission of the Ohio public utilities commission to issue \$10,284,334 worth of refunding and general mortgage bonds. The Baltimore & Ohio Southwestern asked authority of issue \$560,000 of similar bonds and the Chicago division of the Baltimore & Ohio asked permission to issue \$758,500 worth of such bonds.

AMERICAN GUNBOAT SILENCED FIRE OF CHINESE ATTACKERS

ASSOCIATED PRESS TELEGRAM
Peking, Friday, Jan. 18.—The attack yesterday on the American gunboat Monocacy, in which one sailor was killed and two others wounded, was made near Kien Lih Sien and came without warning. The attack came on a dike on the north bank of the Yang Tse Kiang. The gunboat returned the fire, but with what result is not known. Afterward the Monocacy proceeded to Hankow.

The Japanese steamer Tayuen also was subjected to fusillades.

OFFICIAL REPORT.

Washington, Jan. 22.—The commander of the American gunboat Monocacy, fired upon by Chinese rebels, reported today that he returned the fire and silenced it. Secretary Daniels gave out the following:

"On January 17, at 9 a. m., the United States gunboat Monocacy, while cruising about 50 miles above Yochow on the Yang Tse Kiang river, was fired on by entrenched Chinese and hit a number of times."

H. L. O'Brien, chief yeoman, was fatally injured, and W. N. Donnelly, seaman, slightly wounded. The fire was returned by the Monocacy and silenced. It is believed the Chinese were bandits or revolutionists."

The foregoing is a paraphrase of the official report from the commander of the gunboat.

PRES. WILSON MAY BE GIVEN POWER TO FIX FOOD PRICES

Washington, Jan. 22.—An administration bill giving President Wilson broad powers to fix prices of food and other commodities essential to the government's war preparations or for domestic consumption was in the hands of Chairman Lever of the agricultural committee, today for introduction in the house.

The measure, which it is understood, would give the president blanket authority to fix prices through any agency he may designate, was given to Chairman Lever yesterday at the White House.

The president, in his annual message to congress, gave notice that he would ask for such authority and administration officials are known to favor price regulation in iron, steel, oil and cotton, as well as food, both for war purposes and the public.

WILL CONTINUE FIGHT FOR THE WAR CABINET

ASSOCIATED PRESS TELEGRAM
Washington, Jan. 22.—President Wilson's denunciation of Senator Chamberlain's attack on the war department and his openly expressed approval of Secretary Baker, had the effect today of apparently solidifying sentiment among senate Democrats who supported the bill for a war cabinet despite the President's opposition.

Some of them met the announcement of President Wilson's determination to oppose the bill to the finish with declaration of similar purpose to support it to a finish, despite the fact they may not gather strength enough to compel congress to accept it over the President's disapproval.

Senator Chamberlain said today he would not reply further to the President's criticism, but at a meeting of the senate military committee senators, Democrats and Republicans, conferred and determined to urge the legislation. Next Thursday when the senate reconvenes, Senator Chamberlain, Hitchcock and Wadsworth today announced they will make a "straight out fight on the merits" of the war cabinet bill. When it comes before the senate for committee reference they plan to open wide debate discussing at length the testimony in the committee's inquiry into defects in governmental machinery.

Democratic Leader Martin and others supporting the President's position, are preparing to oppose reference of the war cabinet bill to the military committee. The President's assertion that he had learned of the war reorganization legislation only "second hand" was flatly contradicted today by military committee members. They said both Senators Chamberlain and Hitchcock advised the President last week of the proposed legislation and that the President had written a letter stating his opposition. They pointed out also that a copy of the war cabinet bill was left last Saturday by Senator Hitchcock with Secretary Baker.

The President's statement that war operations had been delayed by the congressional investigations, in calling officials and officers from their duties to appear before the committee, also was disputed by committee members who pointed out that when Major General Crozier and Sharpe testified before the military committee had been relieved of their duties, respectively as chief of ordnance and quartermaster general. A caucus of house Republicans is planned tomorrow night to discuss endorsing war reorganization legislation. Republican senators said they might caucus soon on the subject.

CHICAGO SCHOOLS CLOSE.

ASSOCIATED PRESS TELEGRAM
Chicago, Jan. 22.—All parochial and private schools of Chicago were closed today until next Monday, while the grade public schools, closed for a week and scheduled for reopening tomorrow, also will remain closed until next Monday on account of the fuel shortage. This is the result of an order of County Fuel Administrator Raymond E. Durham who regarded the coal situation as serious enough to warrant his action. High schools alone will remain open.

COAL SUPPLY BEING MOVED TO THE COAST

Unfavorable Weather Still
Hampers the Railroad
Congestion

**FIRST HEATLESS MONDAY
WAS STRICTLY OBSERVED**

Garfield Declines to State
Whether Extension Will
Be Necessary

ASSOCIATED PRESS TELEGRAM
Washington, Jan. 22.—Large supplies of coal were moving freely to eastern householders and trans-Atlantic shipping interests today as the result of the fuel administration's closing order, but clearing of the railroad congestion still was hampered by unfavorable weather conditions.

With manufacturing plants east of the Mississippi facing the fifth day of the shut down and reports here indicating that the first heatless Monday had been strictly observed, Fuel Administrator Garfield declined to say whether an extension of the closing period would be necessary.

"We will not cross that bridge until we come to it," Dr. Garfield said. "There will still be the nine remaining Monday holidays. Results of the operations of the closing order have been fully up to our expectations, insofar as the weather permitted."

The fuel administrator also pointed out that Washington's Birthday, which falls on Friday, was taken into consideration by the administration when Monday was selected for the closing day. Since many plants give a Saturday half holiday officials expect a four day shut down in February.

Reports here said New York already had on hand enough coal to fill the bunkers of fifty vessels loaded with supplies for the American army and the allies and more than a hundred ships in Hampton Roads were being coaled rapidly. The heavy movement of coal has taxed tug and barge facilities heavily and plans to commandeer tugs if necessary are being considered by the shipping board.

Officials, who recently sought a railroad embargo on general freight as a means of relieving congestion, declared again that this step would have to be taken or non-essentials denied transportation if the freight tangle is to be straightened out. Director General McAdoo declined to order the embargo. It was said, despite its recommendation by the war conference board.

PRESIDENT DEFENDS WAR PREPARATIONS OF ADMINISTRATION

ASSOCIATED PRESS TELEGRAM
Washington, Jan. 22.—Prospects for the enactment of legislation providing for a war cabinet and a munitions administration were dimmed today as the result of President Wilson's unequivocal denunciation of the program.

Replying to Senator Chamberlain's reference in New York Saturday to inaction and ineffectiveness in the government, the president last night issued a statement defending the war preparations of the administration, and reiterating his faith in the ability of Secretary Baker.

The senate military committee today planned to proceed with the legislative program despite the president's opposition, but generally it was felt that the measures were destined to meet defeat. In reply to the president's statement, Senator Chamberlain declared his speech in New York was an extemporaneous one and his whole argument centered at the military establishment and not at other departments of the government, although it was broad enough to admit of that interpretation.

ASK GOVERNMENT CONTROL FOR THE PACKING HOUSES

ASSOCIATED PRESS TELEGRAM
Washington, Jan. 22.—The demand of Chicago packing house employees for government control of the meat industry during the war was broadened today to include all the packing plants of the United States.

It was made clear at the outset of hearings before the president's mediation commission that the employees believed the question to be one of national necessity and not merely a local dispute between the Chicago plants and their workers.

NO GRIDIRON BANQUET.
Cleveland, Jan. 22.—There will be no session of the Court of Nisi Prius this year. The annual banquet and gridiron frolic has been abandoned as a patriotic movement to add fuel and food conservation. The Court of Nisi Prius is an informal club that includes the lawyers of Cleveland. Its custom has been to gather a gridiron banquet early year.

Jascha Heifetz

First records by this brilliant genius of the violin

Proclaimed throughout Europe as a violinist whose gifts rank him among the great of the generation, this young Russian's visit to America aroused unusual interest.

His successes abroad have been duplicated in this country. By the astonishing magic of his bow, he has established himself in the affections of the American public. And he has taken his place with the world's greatest artists who make Victrola Records exclusively.

The four Victrola Records by Heifetz just issued bear convincing testimony to his wonderful mastery of the violin:

Valse Bluetie (Drigo) Jascha Heifetz
Chorus of Dervishes (Beethoven) Jascha Heifetz
 Victrola Red Seal Records 64758 and 64759. Ten-inch, \$1 each

Scherzo—Tarantelle (Wieniawski) Jascha Heifetz
Ave Maria (Schubert-Wilhelm) Jascha Heifetz
 Victrola Red Seal Records 74592 and 74593
 Twelve-inch, \$1.50 each

Hear these new Heifetz records to-day at any Victor dealer's. He will gladly play any music you wish to hear and demonstrate the various styles of the Victor and Victrola—\$10 to \$400.

NEWARK SCHOOLS MAKE FINE START WAR SAVING

The Newark school boys and girls are going "over the top" in war savings. The first week's report shows that one-third of the pupils in the public schools are now savers and as soon as the parochial schools open, the campaign will be taken up there also.

Every teacher is taking the work up personally with the boys and girls and the first reports are very gratifying, showing stamp sales amounting to \$4,554.75 and the total number of savers among the children to be 1,393. The High School, the Hudson Avenue school, Woodside and Central led this week. Supt. Hawkins has figured an allotment of \$32,610.00 for the Newark schools.

The following is a report of the sale of War Savings and Thrift Stamps in the public schools up to January 22nd. This is the first report and includes the total number of stamps purchased.

CUT 600 CORDS OF WOOD.

Lawrenceburg, Ind., Jan. 22.—The home fires of Lawrenceburg will be kept burning with wood for a time. More than 500 physicians, lawyers and other professional men and residents passed the day chopping cordwood at three camps established on the river bank. Night found them with six hundred cords of wood cut.

This wood will be saved up at the Veger works and will be delivered to homes by dealers who cannot supply coal.

and council refused unanimously to confirm same and it will be necessary to make another appointment.

City Auditor Nelson Dodd then made his report and which was as follows:

To the Honorable Council of the City of Newark, Ohio:

Gentlemen—I desire to submit, herewith, a statement showing the income to the city during the year 1917. This statement makes a division of the receipts into ordinary and extraordinary. The column showing the ordinary receipts and indicates the ordinary income to the city from all sources and does not vary but slightly from year to year.

In this connection I desire to suggest that while considerable attention is not being given to the budget for the ensuing year with the idea in his mind of curtailing the expenditures of the various departments as much as possible it occurs to me that it would be good policy to give considerable attention also to the income. It may be that if this matter is given careful consideration, numerous ways may be found by which the income to the city can be materially increased. The statement referred to follows:

The finance committee presented the following resolution:

That the city council do hereby notify the heads of all city departments that they must live within their income, as we will pass no legislation to borrow money where any department expenditures exceed their semi-annual allotment of taxes.

That the City Council of the City of Newark, O., hereby declare, that we issue no bonds of any description, except emergency bonds, and that they be "optional bonds" until the war is over, or until such times as bonds can be sold and floated at a rate not to exceed five per cent. interest and also except such bonds that may be necessary to issue to take up special improvement notes now outstanding, which have been

issued to care for special improvement heretofore completed.

The resolution was adopted by the unanimous vote of the council.

SPECIAL REPORT OF FINANCE COMMITTEE.

To the Honorable Council of the City of Newark, Ohio.

Gentlemen: We, the members of the Finance Committee, after a study of public finances of local affairs, (for we are amateur financiers), are impressed with the serious condition which confronts this taxing district of which this City is a part, in the matter of issuing bonds for public improvements. Owing to the conditions of war now prevailing, the unavoidable issuance of billions of dollars worth of bonds by the United States Government and more bonds to be issued soon, and the placing of man millions of non-taxable bonds and stocks on the market; we think the issuance of more bonds, at this time, by the City is hardly advisable. The recent failure of the city school and county taxing districts to sell bonds bearing interest at the rate of 5 per cent would indicate that all bonds under the present conditions, to be attractive to buyers should bear at least 6 per cent or more interest; and we recommend that bonds issues in contemplation be deferred until the war is over and they can be sold at a rate of interest not in excess of 5 per cent. In the matter of the contemplated issuance of bonds to pave or repave streets, we recommend that this also be deferred until material and money markets settle to a sound basis. Patriotism alone should dictate that we issue no more bonds for a time.

Repair the Streets to be Repaved.

We recommend that Main street from Front street to West Main street bridge, the public square, Third street from Square to Market street, be repaved and made as smooth as possible; we recommend that all old brick and other material on hand be used in the repairs. If labor for this kind of work cannot be had, we recommend misdemeanor prisoners from City Prison be used to do this work.

Heads of Departments.

We respectfully notify the heads of all departments that they must make their expenditures conform to their income. They must make their share of the money derived from taxation, apportioned semi-annually, meet their expenditures. If any of these departments are running behind their semi-annual allotment, it is up to the head of the department to retrench. They must not come into council asking permission to borrow money at the high rates of interest to make a deficiency good which has been made by lavish expenditures. This is imperative.

Wages of City Employees.

The wages of some of the City employees have been increased, others have not. Your committee will not at this time go into a discussion of the matter except to say that some salaries are below the standard. All increases must be deferred until it is known that there will be money without borrowing to pay them. When these matters come up for discussion your committee will take first into consideration the poorest paid laborers in the City service. We expect if possible to report further regarding increases on wages February 4th.

Warning to City Council.

At a State meeting recently of County Auditors, it was estimated that the personal taxes for 1919 will be 25 per cent short of 1918, owing to the Liberty Bonds and War Savings Certificates that have been issued by the United States Government and other Liberty Bonds to be issued that are non-taxable. The Council should also remember that there has already been a shrinkage in the liquor tax, and it is our belief there will be a larger shrinkage in this for 1919. The Council should also consider legislation to derive revenue other than taxation.

Retrenchment.

Your committee hopes that the City Council will give these recommendations most careful consideration, and by so doing your Honorable Body will be doing its duty to the City, as we must all deny ourselves of many things to help the country in this war. Let the slogan of the City Council for the next two years be; LIVE WITHIN YOUR INCOME. In this connection your Committee will of necessity, from time to time recommend retrenchment in the various City Departments.

W. C. CHRISTIAN'S REPORT.

W. C. Christian, former Public Service Director, made his final report as follows:

Honorable City Council, City of Newark, Ohio:

Gentlemen—In making my last and final report to your honorable body, I desire to state that during the four years I have had charge of the service department an enormous amount of work has been accomplished. Seven and nine-tenths miles of streets were paved at a cost of \$253,968.46; over nine miles of sewers were constructed, costing \$83,118.81, and seven and three-tenths miles of sidewalks were laid. It may be said that almost one-third of our present total mileage of streets and sewers were constructed during those four years. Owing to war regulations that prevented us from completing 3814 lineal feet of paving, we would have exceeded the third.

The year just closed has been the most strenuous, owing to the war, labor was hard to secure and material much harder. I append the expenditures of the service fund, electric light fund, waterworks fund, and the cemetery fund:

Receipts of the Service Department	
General administration	\$ 2,214.62
Engineer	2,916.81
Opening and grading streets	1,812.36
Street paving repairs	1,812.36
Sidewalks	26.72
Street cleaning	6,915.34
Street repaving	2,311.62
Sorting	500.00
Garbage	820.00
Sewers	2,095.57

A DEPENDABLE KIDNEY REMEDY

For twenty years I have been handling and selling Dr. Kilmer's Swamp-Root and my customers are always satisfied with the results and speak favorably regarding the remedy. I believe it is a good medicine, and I like to sell it because Swamp-Root gives result and no "kicks."

Very truly yours,
 F. A. WHITMANN, Druggist,

James E. Jones	30.00
John A. Clilote	10.00

Total \$100.00

In connection with the service department, I might say that when the request was made to plant all that everyone could plant, I tried the experiment of planting corn for the use of the department on the idle ground at the cemetery, the result is that we have had all the corn we needed, both for the department and Cedar Hill cemetery, having a net yield of about 600 bushels. As to the work done in the past year, I attach a report of the civil engineer, a copy of which he will provide to each councilman.

Municipal Light Plant.

Since March 1 we have operated the new light equipment and have had unbroken service; the only nights that we were absolutely without light was five in number, and they were nights of full moon. From March, 31, 1917, to December 31, 1917, we operated 2844 hours—the total for the year being 3259. The last arc lamp was removed December 21, the system being completely nitrogen lamps, and consists of the following:

Fifty hundred and forty-nine 250 c. m., twenty-three 400 c. p., twenty-one 600 c. p., ten 100 c. p., forty 60 c. p. Counting the 10 luxolabra posts as 10 lamps, the total is 603.

The old plant consisted of 406 arc lamps and 40 Mazda lamps—an equivalent of 416 arcs. We have sold old lamps to the value of \$1,038.50, and have \$121 worth ready to be sold. These sold lamps credited on the cost of the new ones, reduces the actual operation and maintenance to \$8,398.44. The renewal of lamps will decrease in number and cost since the plant is entirely equipped. The new record that I have kept shows that now a lamp has a hundred, and gives a record of 301 locations; or just one-half renewed since July 1, giving a life of over 2000 hours—the guarantee is only 1000 hours.

The change of the system now permits the dispensing with the services of one man, who was known as trimmer, as two men are entirely sufficient to care for the average of two or three renewals per day.

Expenditures—1917.

Stationery	\$ 5.00
Power plant operation	5,347.06
Maintenance	442.32
Labor on distribution	1,365.34
Maintenance distribution	2,259.79

Total cost \$14,047.19

Cedar Hill Cemetery.

In making this report, I desire to state that I have opened a set of books as instructed by the examiner viz: a general journal and ledger. I desire to state further that we had 365 burials during the year—the largest number ever. The following is the balance sheet of the general ledger:

Waterworks.

In examining this report on the operations and condition of waterworks, it may be readily seen that had not the receipts gradually increased the last years, and especially the last one, we would not have been able to have made such a good showing. The increase of the past year over that of the previous one was about \$3600.

During the year we have expended more money to repair the machinery than ever, the building was completely repaired on the outside. (Continued on Page 3, Col. 4.)

IF YOU ARE A DRINKING MAN

You had better stop at once or you'll lose your job. Every line of business is closing its doors to "Drinking" men. It may be your turn next. By the aid of ORRINE thousands of men have been restored to lives of sobriety and industry. We are so sure that ORRINE will benefit you that we say to you that if after a trial you fail to get any benefit from its use, your money will be refunded.

When you stop "Drinking," think of the money you'll save; besides, sober men are worth more to their employers and get higher wages.

Costs only \$1.00 a box. We have an interesting booklet about ORRINE that we are giving away free on request. Call at our store and talk it over.

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Easier, Quicker and Without the Blister

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of out-of-date mustard plasters, and will not blister.

Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbitten feet, colds of the chest (it often prevents pneumonia).

Easy to Make This Pine Cough Remedy

Thousands of families swear by its prompt results. Inexpensive, and saves about \$2.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine is famous for this purpose. Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain granulated sugar syrup. Nothing better, but why buy it? You can easily make it yourself in five minutes.

To make the best pine cough remedy that money can buy, put 2½ ounces of pine (60 cents worth) in a pint bottle, and fill up with home-made sugar syrup. This gives you a full pint—more than you can buy ready-made for \$2.50. It is pure, good and very pleasant—children take it eagerly.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—irritated membranes—and this Pine and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

Pine is a highly concentrated compound of genuine Norway pine bark, and is famous the world over for its prompt results.

Beware of substitutes. Ask your druggist for "2½ ounces of Pine" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pine Co., Ft. Wayne, Ind.

Thousands praise them for general debility, nervous prostration, mental depression and unstrung nerves caused by over-indulgence in alcohol, tobacco, or overwork of any kind.

For any affliction of the nervous system Wendell's Ambition Pills are unsurpassed, while for hysteria, trembling and neuritis they are simply splendid. Fifty cents at T. J. Evans and dealers everywhere.

AMUSEMENTS

AUDITORIUM.

Babes in the Woods. The story of "The Babes in the Woods" is told in the picture is framed in a modern setting. John Hamilton has two children. He marries a second time and his second wife does not like the children. She does, however, like Mason Hamilton, her husband's brother. John Hamilton suspects the wife and goes away on a trip, ostensibly. He draws up a will before he goes, leaving the major portion of his money to the two children; but in the event of their death the money is to go to the brother. The father sets a manservant to watch the pair. Soon after he causes to be circulated the report of a fire.

In a short time the manservant comes to him at a nearby hotel with the report that his second wife and his brother are plotting to destroy the children so that they can get the money. Instantly the husband returns. The wife and brother are astonished. The brother leaves the house. The father gathers around him his wife and the two children and asks the children as they sit on his knees if they would like to hear his story of the Babes in the Woods.

Mayall, Rosita Marstini, Robert Lawler, Scotty McKee, Teddy Billings, etc. Several of these kiddies appeared in "Jack and the Beanstalk."

Sirens of the Sea, a Jewel production, will be the Auditorium attraction next Monday. This is a most interesting feature and one that will please all.

June Caprice, star of the Wm. Fox photoplay "Unknown 274," was asked recently if she would like to play vampire parts for a change. June shook her head. "Couldn't do it," she remarked. "I'd laugh in the midst of my most villainous scenes."

Seats for Paul Bowser's wrestling event at the Auditorium Thursday were placed on sale today. The sale for "Oh, Boy" goes on at 10 a. m. tomorrow and for "His Bridal Night" Thursday morning.

Attress Has Record of Never Being Kissed. Few people would believe that the stage had an actress who had never been kissed, yet Miss Leona Thompson who plays the part of Jackie Samson in "Oh, Boy" which comes to the Auditorium on Friday, Jan. 25, solemnly declared that she has never been kissed.

Frederick Bowers in "His Bridal Night," Auditorium Saturday, Jan. 26th.

To hear his story of the Babes in the Woods. They danced in glee, their eyes sparkle. Of course they want to hear it. So with his wife listening suspiciously he begins the recital.

Instantly the picture fades from that pleasant room and the fairy story is shown on the screen.

Francis Carpenter and Virginia Lee Corbin play the roles of Hansel and Gretel. They are the children also of John Hamilton in the prologue.

This feature is shown continuously tomorrow starting at 1:30 at the Auditorium theater. Seven reels of spectacular pictures.

Oh, Boy.

"Oh, Boy," a musical comedy that has found great favor at the New York Princess Theater and the fourth musical comedy to score a decided hit at the famous "theater of hits" will be the offering at the Auditorium theater Friday evening.

The Comstock Elliott company has assembled a special company for this limited tour which will include Leona Thompson, Gertrude Wexel, Edward Forbes, Charles Knowlton, T. D. Leary, W. Fredericks, Ellen Powers, Helen Dicks, James E. Rome, Marian Hibbing, Bobby Hale and Laura Wells.

The book of "Oh, Boy" is by Guy Bolton and P. W. Wodehouse and the music is by Jerome Kern. A feature of the production will be the handsome young ladies of the chorus. Some of the most popular musical numbers are "An Old-Fashioned Wife," "Rolled Into One," "Till the Clouds Roll By," "The First Day of May," "The Last Day of May" and "Nestling Time in Flatbush." Seats go on sale at 10 a. m. tomorrow.

His Bridal Night.

The musical comedy version of the Margaret Mayo-Lawrence Rising farce comedy "His Bridal Night" with Frederick V. Bowers in the stellar role, comes to the Auditorium Saturday matinee and evening and promises to be one of the most popular offerings of the season. The music is by Mr. Bowers who is as well known as a composer as he is as a comedian and singer. He will present all of his latest compositions and it is claimed he will maintain his reputation for turning out comic hits.

The Duane twins, who play the roles of the sisters, are said to be quite as pretty as the Dolores held have little edge on them when it comes to singing and acting. Alma Youlin, well known as a prima donna, will play the role of the original production, will play the role created by him. Other principals are Charles Gray and Belle Court.

Of course there are innumerable pretty chorus girls who can sing and dance. As might be expected of him, Mr. Bowers, besides surrounding himself with an exceptional cast has had his managers, Messrs. Kelly & Campbell, equip "His Bridal Night" with a costly and elaborate scenic setting in keeping with the true worth of the piece. A full symphony orchestra is carried by the company. Seats on sale Thursday morning.

Auditorium Notes. Manager Fenberg announces a large mail order sale for "Oh, Boy" the smartest and brightest of all musical comedies that is shown at his house Friday evening next. The Phi Sigma Chi will have a theater party and will attend a body. Many orders are coming from Mt. Vernon, Utica and other near by cities.

The Auditorium as well as other theaters in the city are closed today on order from Fuel Administrator Garfield. This theater will close every Tuesday for the next nine weeks instead of Monday's.

Every patriot will want to see "Over Here" coming to the Auditorium next week. You will want to see the huge army trucks working at top speed, the lusty, jumpy and hearty of all those connected with the building of America's greatest achievement. This feature in two reels is an added feature that will be shown together with a big picture.

The school kids have a special treat in store for them tomorrow, when the Auditorium will screen the Fox special "The Babes in the Woods" which is to be screened after school and throughout the afternoon. The show will start at 1:30 and run until 10:30 in the evening. In the cast with Francis Carpenter and Virginia Lee Corbin who are starred, are Violet Radcliffe, Carmen de Rue, Herschel

except by her father and mother. To substantiate Miss Thompson's statement, her mother, who always travels with her, says that she is positive her daughter has never been kissed, and what is more she has been brought up by her parents to avoid kissing.

"It is an absolute fact," declared Miss Thompson, "that I have never been kissed by any member of the opposite sex except my own father. Even when I was a little kiddie, I can remember friends of our family offering me candy if I would turn up my childish face and get a kiss on the cheek, but as much as I liked candy, even in those days, I refused to barter my kisses for sweetmeats. As I grew older the boys and girls at school indulged in kissing games at their little parties but I steadfastly refused to play any of them."

"Last season I appeared in the Winter Garden in New York and was kissing due with the tenor. When we came to this part at rehearsal I positively refused to be kissed and I handed in my resignation. The management refused to accept it and they cut out the number when they learned I objected to being kissed."

In the last act of "Oh, Boy," according to the stage business Charles Knowlton, who plays the part of Jim Marston, is to take me in his arms and give me a kiss. When we came to this scene at rehearsal I complained to Mr. Eric Lay Comstock and Mr. Walter Elliott and they agreed with me that no girl should be kissed against her will, therefore Mr. Knowlton does not kiss me in this scene and I try to kiss me, but I refuse to let him."

"I don't like kissing, I think it is an unsanitary habit. When the four comedians got married I will certainly let my husband kiss me, but until that happy day comes I propose to remain unloved. I have my own ideas, and I propose to save my kisses for my husband when I am married. I have seen too many girls who seem eager and anxious to be kissed on all occasions and I don't intend to belong to that class."

ANNOUNCEMENT OF A CHANGE IN POLICY

THIS business was founded on the principle that a high class tailor-made suit of clothes could be produced at a given low price, providing the volume was sufficient to enable the buying of materials direct from the mills, tailoring them in large, modern shops, and selling the finished garments direct to the consumer.

That this basic idea was sound is proven by the remarkable growth and success of the business.

But, old established business methods must be changed to keep pace with these abnormal times. We are, therefore, now compelled, through sheer necessity, to suspend our traditional "No More, No Less" policy.

The present unsettled conditions in the woolen market and the uncertainties of the future make it imperative that we adjust this business to produce garments of three definite standards of quality instead of one.

On and after, Monday, January 21st, 1918, this will, therefore, be our copyright, trade-mark and only prices:

ESTABLISHED 1902
ALL SUITS \$18 \$21 \$24
ALL OVERCOATS \$18 \$21 \$24
MADE TO ORDER MADE TO FIT

We will center our efforts, for the present, in the production of our usual high standard clothes at \$21, showing the largest assortment of woollens at this price.

The \$18 and \$24 garments are included so that we may center our efforts upon either of these lines, as the market conditions may warrant, without going to the trouble and expense of changing all our advertising, and, to satisfy the man disposed to pay more or less than \$21.

In making this announcement we are following our time honored custom of taking the public into our confidence, having implicit faith that the people appreciate our endeavors to make them the best possible clothes for the money, at all times.

GERMANY'S IRON.

Many of our people have been inclined to consider the question of Alsace-Lorraine as outside our province. Yet if they will look into it they will see how vital it is. If we can get back Alsace-Lorraine and return them to France where they belong, the people of Germany will then at last understand that war doesn't pay. Furthermore, the people of these territories are predominantly French, so that it will be an act of freedom and democracy.

The bulk of Germany's stock of iron lies just across the border of France in Lorraine. Nearly three-fourths of her iron supply comes from these mines. Manifestly if we could capture them, it would be a tremendous blow to her war-making power.

It is thus significant that according to the reports now well circulated and not denied, the American troops have taken over a sector of the line directly fronting on Lorraine. It is the great big prize of the war. If we could carry it off, it would be a triumph that would establish American prestige for ages.

Germany knew perfectly well what she was doing when she seized those mines. They were necessary in her business, as a power that threw on war and proposed to have all near-by territory that contained war-making material.

The suggestion that has leaked through from Germany, that she might be willing to settle the matter by a vote of the inhabitants of this territory, whether they prefer French or German allegiance, would not be any solution at all. The bulk of the French residents have been driven out by force, and a lot of German settlers have been taken in. Manifestly on this basis a predatory nation could seize any territory, drive out the inhabitants, settle their own people there, and then declare that the will of the people sanctioned the theft. So let us strike for Lorraine as the key to the war.

TRI-NITROTOLUOL.

This explosive of the long name, commonly called T. N. T., showed what it could do at Halifax. Many of us have been wishing that we could drop equal quantities of it over the German trenches. The war department realizes its importance, as great efforts are being made to increase the production.

To build the coke oven retorts necessary for production of this explosive, will take a year. But it can be recovered to a large extent from illuminating gas plants. Recovery plants can be built in a few months that will secure an immense quantity. Even at that, only about half enough of what the war departments calls for can be secured. But if all

the gas plants will take hold, a tremendous gain can be made. One-twentieth of a gallon of T. N. T. can be had out of each 1000 feet of gas. But as 22,400,000 gallons are called for by September, 1918, for the proper equipment of our forces, the problem is a big one. But it's a tremendous life-saving proposition. If we have a good supply of toluol, the boys will go over the top protected by a deadly barrage fire ahead of them. It will save tens of thousands of lives.

The chief obstacle appears to be getting the recovery plants built, and getting agreements with the gas companies about bearing the cost of them. Also it seems to be the case that the extraction interferes somewhat with the quality of the gas served the consuming public. Some of the public service commissions have been inclined to kick because this quality is reduced. But such consideration should not be permitted to govern in any such exigency. We should get out that toluol at any cost. If the gas plants attempt to put over any unfair prices, they should feel the heavy hand of public displeasure.

THE SOLDIERS' FOOD.

Every war has its own type of fault in the system and methods of conducting it. In the Cuban war the great trouble was the food. The embalmed beef became a tradition of our history. This time the difficulty centers around our system for supplying clothing and munitions. But it is a great satisfaction to the American people, amid all the storm of complaints, to hear so little said about the food. This must be pretty good.

People who see the boys in large numbers say that already they can observe the evidence of good, substantial living. A lot of pale-faced boys have been turned into huskies. Of course this is largely outdoor life. But it could not exist were not the boys getting nutritious, well-cooked food.

So when you hear the yarns, never circulated publicly, but slipped around in a stealthy way by word of mouth that the boys are getting stale food, cold coffee, and that cooking is rotten, look for the slimy trail of the spy.

When the weather man forgets to send the mercury down to zero this winter he turns on the snow to cover up his mistake. More snow last night, but that's better than the 18-degrees-below zero of yesterday. Buy the way, this is the 41th consecutive day of sleighing in Newark. Nearly all of our sleighs, however, are automobiles or Fords.

When the grocery boy comes around with a pound of sugar now, the housekeeper feels like inviting him in to the best parlor chair, giving him a hand-out of doughnuts and coffee, and inviting him to visit them for next Sunday's dinner.

Someone suggests that as Secretary McAdoo has so little to do as secretary of the treasury and director of the railroads, that he should be put in as commander-in-chief of the army and navy.

Now, if some of those congressmen that held up the war supplies could have died of pneumonia, instead of Captain Gardner, the mourning would have been somewhat perfunctory.

Some people are kicking on the reduced passenger train service, because they can't go to the big cities and buy some goods they will want to return as soon as they get them home.

People who mail newspapers to editors desiring reproduction or reference to matters contained therein would confer a favor by marking said articles so they may be found easily.

The Russian and German negotiating reminds one of the time when the lamb decided that the wolf was a good fellow, all he needed was a few kind words.

Just why the alms should be allowed to escape the draft and fatten up in the jobs our home-boys have had to leave, is not clear to most of us.

The same people who now are longing for the good, old summer time will, about next July, be wishing for the nice stimulating weather of winter.

It is about time to do something more to the German spies than lock them up in a pleasant winter resort, called an internment camp.

These are times when the man who doesn't want to work should keep carefully out of sight or he will get landed in a job.

According to the landlady the reason it is so hard to save bread is that it has been made too good.

THE PRUSSIAN AIM.

(Cleveland Plain Dealer)

Whatever peace notes from the imperial German government may say, and whatever the assurances of "no annexations and no indemnities" given by Teutonic commissioners, there remains to be considered the question of what Germany is fighting for and what she would demand if victorious. A statement of what her real aims in France were two and a half years ago may be found in the confidential petition of German professors and other intellectuals on June 15, 1915, which is quoted by Prof. Samuel B. Harding of Indiana University.

"For the sake of our own existence," say these intellectuals of Germany, "we must ruthlessly weaken France both politically and economically. Part of the north France channel coast we must acquire. Then the petition continues:

"Special measures must be taken to keep the German empire from suffering owing to this enlargement of her frontier. In order not to have conditions such as those in Alsace-Lorraine, the most important business undertakings and estates must be transferred to German ownership. Such population as is taken over by us must be allowed absolutely no influences in the empire.

"Furthermore, it is necessary to impose a mercilessly high war indemnity upon France."

There is much more to the same purpose, but these quotations are sufficient. They may be taken to indicate the purpose and design of Germany in France. A victorious Germany would not be likely to retreat from those designs. Annexations and indemnities appear to constitute the entire program.

OHIO SOLDIERS.

(Columbus Dispatch.)

From the moment the Ohio soldiers landed at Camp Sheridan, Montgomery, Ala., the people down there began complimenting them. The boys have now been there for months, and it is the same favorable comment which one hears concerning them. This extract from a private letter from the governor of the state is not unusual in its expression:

"Ohio certainly has a right to feel extremely proud of her soldiers. I do not believe that twenty-five thousand men could be gotten together in the entire world who could excel in manly bearing and deportment the Ohio boys. It is certain that a more representative body of men could not be gotten together. They are from every nook and corner of the state, and were not hand-picked in any sense of the word. They volunteered early in the war, or before the war started, and they represent the farms and factories, the workshops and the stores, the cities and the agricultural communities, the rich and poor, and the in-between. They represent the citizenship of Ohio, and show to all the world the training that has been given to them by the mothers and fathers of one of the states of the union. So when we consider all of these things, it is especially pleasant to know that they are favorably impressing the people of a far-away state with whom they come into contact."

PEACE OR ENDLESS STRIFE.

(Philadelphia Press.)

We are fighting to end the constant menace of war. We are fighting to make it possible for a democratic nation to go about its business in peace. When we say that we want to make the world safe for democracy, the democracy that we especially mean is our own. We want to feel safe here in America, and we don't want to live under the shadow of a threat, or to feel the constant necessity, as we attend to our work, of keeping our powder dry.

The President's terms will give us what we want. Unless we do not really want what we say we want, we must fight until we force Germany to accept those terms. Other wars have ended in compromises, but this one cannot. All the unsettled questions must be settled; for if one remains it will breed another. We must remove the causes of war, to patch them up and cover them over is to bring new ones, as we should have learned from the treaty of Berlin and the congress of Vienna.

OUR DUTY.

(Equitable Public Bulletin.)

Our country is now at war with a powerful foe which has destroyed the lives and property of our people and dishonored our sovereignty. This enemy is now kept from our door not by our own preparedness to defend our nation, but because other countries are holding him at bay.

These friendly countries are fighting for all that which our flag symbolizes.

Victory is still in the distance. Until it is won our country is in grave danger. All must rally round the flag at once. We must give service and money, and life itself, if necessary.

We must cease dreaming. Each of us must face the facts and act, that our national honor, rights and self-respect shall be maintained, and that democracy may live and prevail over autocracy and the militarism which sustains it.

Holding Labor by Housing It.

It is encouraging to see what the recommendations have been made by the United States Chamber of Commerce on the subject of adequate housing for workers employed in industries supplying the war needs of the country. As great manufacturing plants have of their own or been largely extended to meet special war purposes, the task of providing homes for the men engaged in them has extended proportionately. It has been discovered that adequate living quarters must be provided if the government hopes to introduce stability into the service given by the workers. Prompt action of the broadest kind is the desideratum.—Boston Transcript.

President Garfield's Son.
Dr. Garfield is a Republican and the son of a Republican President. What would our G. O. P. contemporaries, some of whom are now raving over his orders, have said if he had issued them during a Republican Administration—say, that of Taft or Roosevelt? We pause for a reply. But it is a pretty safe guess that the howl would have been much more subdued than the present clamor.—Philadelphia Record.

The People Can Decide.
America stands where Britain stood soon after the beginning of the war. There is no immediate danger of compulsory rationing in this country. Whether or not compulsory rationing ever becomes necessary depends almost wholly on the people. The national food administration cannot, under the present plans, enforce regulation in every American household. But if its precepts are ignored it will in time be given greater power, and the men and women who today hold the satisfaction of their appetites more important than the national welfare may find themselves waiting in long lines for their daily doles.—Cleveland Plain Dealer.

Did You Know

That the giants of the tree world are found in the sequoia groves of California? These big trees are only to be found in certain sheltered places which are constantly watered by snow-fed streams, at an average of 5000 to 8000 feet above the sea. The tallest tree now standing in the Calaveras grove is 325 feet in height. There is little doubt that these trees were growing before the time of Adam and Eve. A small tree was recently felled and its rings counted by three scientific men, and each reported that it was not less than 4900 years old.

TODAY'S AID TO BEAUTY

Hair is by far the most conspicuous thing about us and is probably the most easily damaged by bad or careless treatment. If we are very careful in hair washing, we will have virtually no hair troubles. An especially fine shampoo for this weather, one that brings out all the natural beauty of the hair, that dissolves and entirely removes all dandruff, excess oil and dirt, can easily be used at trifling expense by simply dissolving a teaspoonful of Canthrox (which you can get at any druggist's) in a cup of hot water. This makes a full cup of shampoo liquid—enough so it is easy to apply it to all the hair instead of just the top of the head. This chemically dissolves all impurities and creates a soothing, cooling lather. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on the glossy richness of natural color, also a stiffness which makes it seem much heavier than it is. After Canthrox shampoo, arranging the hair is a pleasure.—Advertisement.

TO RELIEVE CATARRHAL DEAFNESS AND HEAD NOISES

If you have Catarrhal Deafness or head noises go to your druggist and get a ounce of Earmist (dissolve strength), and add to it 4 pint of hot water and 4 ounces of granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dripping into the throat. It is easy to prepare, cost little and is pleasant to take. Any one who has Catarrhal Deafness or head noises should give this prescription a trial. T. J. Evans.—Advertisement.

Simple Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring, use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

George G. Stevens and Mrs. Emma Heston were united in marriage Saturday afternoon by Justice D. M. Jones. Mr. Stevens is a stove-maker at the Wehrle Stove company, and they will make their future home in Newark.

Will Plead Tomorrow.
All prisoners indicted by the last grand jury will be called into common pleas court tomorrow morning at 9 o'clock to plead.

Divorce Petition.
Enola Beckham filed a petition for divorce today in common pleas court against Arthur Beckham. They were married January 21, 1900, and are the parents of one child, aged 17 years. The defendant is a prisoner at the Ohio penitentiary and the plaintiff charges that the defendant has been wilfully absent without just cause for the past eleven years; that the defendant for a period of the past eleven years has totally neglected his marital duties, totally neglected to support her and to provide for the child in any way during said time. She prays for divorce and the custody and control of the child.

Common Pleas Court.
In the case of Frank Boyer, et al., vs. Alameda Miller, et al., a suit brought to quiet title to certain real estate in Elva township. The court holds that defendants have no interest in the property and dismissed the cross-petition. Title quieted as against the claims of the defendants.

Granville

(Special to The Advocate.)
Granville, Jan. 22.—The Masons who occasionally assemble in their club rooms for recreation, found a new occupation for their leisure hours, Monday afternoon, when about fifteen men engaged in their first manual work for war relief, by making nearly 1400 trench candles. These small torches which are made of newspapers, rolled tightly, glued, cut into convenient sizes and saturated in boiling paraffine, are much prized by men in the trenches, as they will burn without smoke for at least half an hour, sufficient time in which to heat soup, coffee or tea.

The Travelers' club presented a program on Monday afternoon, which differed essentially from the one scheduled in the Year Book, but which was none the less interesting for the improvisation. The weather interfered with the attendance somewhat, although over forty were present. In the absence of Mrs. M. E. Stickney, Mrs. E. E. Hopkins presided, calling upon Mrs. E. P. Cook to read the paper on "Agriculture," prepared by Mrs. R. S. Wright. Mrs. A. Chamberlin responded with a series of interesting "Current Events," which invited general discussion among the ladies present. The fifteen dollars appropriated for war relief at the last meeting was voted to the A. F. F. W. as being more urgently in need of funds than the local Red Cross.

Mr. and Mrs. R. D. Williamson following the exciting and exhausting experience of being burned out of house and home on one of the coldest days of the winter were guests of Granville friends last night. Already they have rented the John Swartz house at the Corner of Pearl and College streets, and their household effects rescued from the burning house, are being moved in. Very soon they will resume house-keeping. Although the building was covered by insurance the loss incurred is a heavy one, as none of the second story furniture was saved, and but little of the clothing. Many articles impossible to replace were also destroyed. That all members of the family are safe and uninjured, however, is a matter for thankfulness.

Mr. and Mrs. Robert Bell of Jamaica, L. I., were honor guests of Mrs. Clara M. Ogden at tea Monday afternoon at Oakdene.

Miss Helen Hunt of Boston, who visited at the home of her aunt, Mrs. Helen Hunt for a few days, last week, has returned home.

Edwin M. Jones of Lucasville is at Monomoy Place for a few days.

Mrs. C. J. Lovelace will be leader of the Beethoven program at the Women's Music club which meets tomorrow at Monomoy Place. Business session at 2:30; program at 3 o'clock.

J. S. Jones, who left for Chicago Sunday at midnight, wired his safe arrival there at 10 o'clock Monday morning. He expects to return Thursday.

Gatty Sellers, the popular English organist, will give a concert in the Baptist church here Wednesday evening at 8 o'clock. An unusual program will be presented.

Relieves Stiff Neck
When you wake up with a stiff neck or sore muscles, strains or sprains, use Sloan's Liniment. No need to rub; it quickly penetrates to the seat of pain and removes it. Cleaner than musky plasters or ointments. It does not stain the skin or clog the pores. Always have a bottle handy for rheumatic aches, neuralgia, soreness, bruises and lame back. In fact, all external pain.

Careful sized bottles at your druggist.

KILLS PAIN

A Wonderful Ointment Is Gingerole

The Gingerole Co.
For the enclosed, stamps kindly send to my address Gingerole. It is a wonderful ointment. I have used it with splendid success and am advertising it to my many friends.

Also send me a number of leaflets to give to my pupils to take home.

Sister M. Agatha, O. S. B., St. Boniface Convent, Hammet, Pa., Via Erie, R. F. D. No. 7.

For 25 cents you can get a big package of GINGEROLE and druggists will tell you that if it is not better than any plaster, liniment or poultice you ever used, money back. There surely is nothing so good on earth for sprains, strains, bruises, bunions, callouses, chilblains or frost-bitten feet. Just rub it on; it will not blister.

GINGEROLE absorbs instantly, is very penetrating and that's why it only takes a few minutes to get rid of earache, headache, toothache, backache and neuralgia.

GINGEROLE is for sale and recommended by Evans' Drug Store and all first class druggists. (Adv.)

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

Sick Headache

You need Podophyllum, which is contained in R. & G. Pills, and is prescribed by leading physicians all over the world as the best vegetable liver stimulant, the substitute for calomel. Any druggist or any doctor will tell you of the wonderful qualities of R. & G. Pills, containing Podophyllum for the liver and bowels. All druggists, 10c 25c.—Adv.

SEAT SALE OPEN FOR WRESTLING BOUT THURSDAY

The seat sale opened this morning for the Bowser-Erslinger bout at the Auditorium theatre Thursday evening and the indications are that a record breaking crowd will witness the two athletes in their contest of skill and endurance.

Bowser is training hard and faithful and is determined to give the eastern champ the battle of his life. In spite of the handicap of snow and cold weather the Newark man takes to the road every morning for a good workout and then takes on all comers at the gymnasium afternoon and evening.

Erslinger arrived last evening and is also working out. He has a fall to his credit over Bowser and believes that he can repeat the trick and stated today that he is now more familiar with Bowser's style, but he may find things different when he gets on the mat with him Thursday evening.

The exhibition will prove one of the most interesting which could possibly occur as the two men are as near evenly matched as two peas in a pod. Both weigh 164, are about the same height and have the same arm measurements. Fans are looking forward to a royal treat and they will not be disappointed.

The preliminaries will be well worth seeing and the evening should prove one of pleasure for all interested in the mat game. Seats are now on sale at the box office at the Auditorium theatre and Manager Fenberg stated today that he has received a number of out of town reservations.

TAXICAB DRIVER IN GRIEF AGAIN; DRAWS TWO FINES

Sidney Jones, taxicab driver, was in double grief this morning when two different affidavits were filed against him in Mayor Atherton's court. The first affidavit was filed by Foy D. Morrison, conductor on an Ohio Electric car who charged him with interfering with the operation of the car and disturbing the peace and comfort of the passengers. He was fined \$5 and costs on that charge.

Later he was operating a taxicab and driving it upon the sidewalk nearly catapulted a patrolman, who immediately took him in charge and he was fined \$5 more for reckless driving of a motor vehicle. His case was heard at 10 o'clock this morning in the mayor's court. There was no regular police court.

FOR PROTECTION OF SPRINKLER SYSTEMS

Columbus, Jan. 22.—State Fire Marshal Fleming today issued anew his warning not to permit the temperature to drop below forty degrees in plants that have sprinkler fire extinguishing apparatus. His inspectors have found many Ohio concerns in which sprinkler systems have been demoralized during the closing period ordered by Fuel Administrator Garfield. He advises double guarding of plants when closed, in order to prevent injury from evilly-disposed persons.

TO TAX IMMIGRANTS

Mexico City, Jan. 22.—President Carranza has approved the bill imposing a tax on immigrants. All persons entering Mexico after Feb. 1 will have to pay a tax of fifty cents, Mexican.

BASEBALL TRADES.

(Associated Press Telegram)
St. Louis, Jan. 22.—Middle Plank veteran pitcher and Dorrill Pratt, second baseman, were traded to the New York Americans by the St. Louis Americans today for five players and cash.

The New York club gave in exchange Pitchers Shocker and Culltop, Catcher Niumakier and Infielders Mabel and Gedeon. A cash consideration, the amount of which is not stated, also was given to the St. Louis club.

Cleveland and Washington clubs have been after Second Baseman Pratt, but the deal by which he was traded was hastened by his refusal to sign a 1918 contract until his suit for alleged slander against President Ball of the St. Louis American was settled.

Business Manager Bobby Quinn of the St. Louis American said two other important trades may be made this week.

NEARLY 800 ORDERS BEHIND IS REPORTED BY CLEARING HOUSE

The local fuel administration's clearing house for coal is between seven hundred and eight hundred behind orders. While this does not mean that there are that many people without fuel it does mean that their supply is low and the coal is coming into the city so slowly that there is not an early prospect of catching up.

The local administrator's office does not believe there is any one in the city without fuel or in actual want, but the supply is merely balancing the needs and a few days' tie up might result seriously. Yesterday 264 orders were received. Every day coal is being received but not in any great quantities, but things are kept moving.

The city through the B & O. railroad company was given a car of coal on Saturday, which is about 40 tons and will run the city plants about 10 days. Service Director J. E. Wilson in Columbus today consulting with the state administrator with reference to securing fuel to maintain the city plants.

BELIEVED THAT WILLIS WILL BE NEXT CANDIDATE

(Associated Press Telegram)
Columbus, Jan. 22.—Plans for the gubernatorial campaign this fall were discussed here this afternoon at a meeting of the Republican state advisory committee and the state central committee. The meeting was held behind closed doors and was presided over by United States Senator Warren G. Harding.

Those attending the meeting declared their belief that little would be accomplished except a general canvass of the situation. That former Governor Frank E. Willis would be the Republican nominee for governor next fall was the talk on all sides.

STARS AND STRIPES.

Paris, Jan. 22.—A weekly newspaper for the American troops in France, to be called The Stars and Stripes, will be issued shortly. It has the sanction of General Pershing. It will be directed and edited by men wearing the American uniform.

OBITUARY

A. L. Desch, age 31 years, well-known West Newark druggist, died this morning at 9:15 o'clock at his home, Western avenue.

Mr. Desch had been ill for the last two weeks but his condition became serious just a few days ago. He leaves two sisters to mourn his death—Miss Margaret and Matilda Desch.

The remains will be shipped to Celina, O., Thursday morning.

Funeral of An Infant.

The funeral of Dana Virginia Hartman, three-weeks-old daughter of Mr. and Mrs. Robert Hartman, 24 South Sixth street, was held at the White Cross headquarters, South Third street, yesterday. Rev. L. C. Sparks conducting the services. Interment took place in Cedar Hill cemetery.

Obadiah Baughman.

Obadiah Baughman, aged 77, Civil war veteran, and one of the best-known residents of Fallsburg, this county, died at his home at 14:39 o'clock Monday morning, following a lingering illness from cancer. He had been in critical condition for several days.

CONDITION SATISFACTORY

The condition of Stephen Bohol, the boy who was struck by a train yesterday, is very satisfactory. He was taken to the Newark Sanitarium where the mangled right foot was amputated, and parts of the skull, which was also fractured, were removed.

CHURCH ENDORSES WORK OF A. R. EVANS AT CAMP SHERMAN

At the morning services of the First Presbyterian church last Sunday, at which time A. R. Evans gave an exceptional address on the work which he had been doing at Camp Sherman, M. C. A., the following resolutions were passed:

Whereas we are engaged in a great world war, and not from choice but with a spirit of aggression, and from conditions forced upon us by an autocratic spirit we feel duties call us to assume our full measure of responsibility by sacrifice and suffering, and to share this can be done largely by the personal touch of men and women willing to go to the front as Christian workers, and religious workers, A. R. Evans, has fully shown this spirit and is now awaiting direct orders to go to the front as a Y. M. C. A. worker at the front.

Be it therefore resolved that we appreciate the work of A. R. Evans and the excellent report brought the congregation which so advanced the patriotic spirit in all who were privileged to hear his address.

We heartily commend our sister churches to encourage this noble spirit in its young men and women, knowing that illustrious lives will result from such grand principles of service and sacrifice.

The first Presbyterian church has already contributed 36 young men to the service of their country.

ARTISTIC RUG IS ON DISPLAY AT LOCAL STORE

An interesting display is noted in the Perry & Harris window in North Third street. It is devoted entirely to the showing of the "liberty" rug, a Karnek wilton rug, beautiful in color and conception and design.

The rug is centered with the statue of liberty which is surrounded by the gators of the Panama canal, Indian and American flags, and scenes depicting the discovery of America by Columbus and the capital at Washington. On the border are small scenes indicative of the history of the country and the seals of the various states.

ATTY. CARL NORPELL WILL ADDRESS THE MERCHANTS TONIGHT

Attorney Carl Norpell will address a meeting of the retail merchants tonight in the Chamber of Commerce rooms at 7:30 on the various phases of the income tax law. Mr. Norpell is one of the best informed attorneys in the city on this subject and the mercantile bureau has been very fortunate in securing him to talk to the merchants. All merchants of the city are invited.

In addition to Mr. Norpell's address a number of matters of interest to the merchants including plans for "Dress-Up Week," a new rating book and other matters will be discussed. An opportunity will also be given the merchants to discuss the income tax law following Mr. Norpell's address. Mr. Norpell is chairman of the mercantile bureau, will preside.

Underwent Operation.
Miss Mame Brennan of Hudson
avenue underwent a serious opera-
tion at the City Hospital on Satur-
day. Her brother was called here
from Milwaukee, but her condition
is somewhat improved. The opera-
tion was performed by Dr. Hamilton
of Columbus.

Home on Furlough.
James Rafferty of Camp Mead, Pa.,
is home on a short furlough, and is
the guest of his parents, Mr. and Mrs.
James Rafferty, Curtis avenue.

Home-Building Is Slack.
Ell Hull, one of Newark's most
aggressive citizens, predicts that
Newark will see with in the next few
years, the greatest shortage of homes
in her history. He points out the
fact that not a nail is being driven in
the construction of new homes, and
that nearly every house in our city
is occupied. He said that this con-
dition exists all over the country,
due to the high cost of lumber and
labor.

To Open Sales Stable.
Jos. F. Patterson of Atlanta, Ga.,
and Desse Colville of this city, have
leased the 10-cent feed barn, South
Fourth street, and will take posses-
sion next Monday. They will make
some improvements and establish a
mule-and-sales stable, making it a
branch of the big Atlanta stable.
Revival Closed.

Owing to the continued extremely
cold weather and coal conditions the
meetings at Pine Street Chapel closed
Sunday night, to be resumed at a
later date. The meetings were of a
very successful character with sev-
eral conversions and additions to the
church. Rev. Mr. Comley, Chas.
Scott and Ray Evans aided the pas-
tor during the meeting. The Sun-
day school has been reorganized with
competent officers and teachers and
has a bright future.

man, Chillicothe, tonight.

Rumor Unfounded.
The report that Harry Matthews
had been injured in France is un-
founded. In a statement made by
his mother, Mrs. George Karlofe,
East Main street, she said that he
was probably mistaken for Mr. Wil-
liams, who was injured in France,
and spoke at the Auditorium theater
a short time ago, was personally ac-
quainted with him and it was her
opinion that in speaking of Mr. Wil-
liams someone used Harry's name
and that the rumor was started in
that way.

In New Room.

Truck Was Stalled.
The delivery truck of the Sprague
Grocery company ran out of gasoline
Monday morning in East Main street,
and as all garages were closed in
compliance with the orders of the
fuel administration no gasoline
could be secured any place and the
truck had to be towed back to the
garage.

FARM BUREAU TO HOLD ITS FIRST ANNUAL MEETING

More than usual importance at-
taches to the first annual meeting of
the Licking County Farm Bureau,
which will be held in Taylor Hall,
Saturday.

The bureau which was organized
as a result of the activities of the Ag-
ricultural department of the Cham-
ber of Commerce, includes in its
membership more than 500 of the
leading agricultural men of Licking
county. It is represented in every
one of the twenty-six townships with
a director from each township. The
farm bureau has been very active in
the food conservation movement and
has established headquarters in the
Hunter-Baker block adjoining the
Chamber of Commerce with L. L.
Mowle, county agent, in charge. Mr.
Mowle assumed his duties, January 1.

This is the first meeting of the
farm bureau since its organization
and a splendid program has been pro-
vided. The morning session will be-
gin at 10:30 o'clock with President
W. C. Hall in charge. He will speak
on "What Our Day" and will trace
the genesis of the farm bureau.
Homer C. Price, chairman of the ag-
ricultural bureau of the Chamber of
Commerce will speak on "Guilty or
Not Guilty." F. L. Beggs, president
of the Chamber of Commerce will
speak on "The Child Rules the
Roost." O. A. Brooks of Alexandria,
secretary-treasurer, will present the
first annual report of the organiza-
tion. The morning exercises will
conclude with a talk by O. M. John-
son of Ohio State University, State
Leader of Farm Agents on "Duties of
the County Agent."

The afternoon session will convene
at one o'clock when the annual elec-
tion of officers will be held. There
will be a report by the committee on
Domestic Science consisting of Mrs.
H. C. Price, Miss Anna Inglis and
Miss Annabel Owen. Miss Jessie
Whitacre of Ohio State University
will speak on "Home Economics" and
the afternoon program will be
concluded with a talk by L. L.
Mowle on "Entertainments of the
County Agent." A cordial invitation
is extended not only to the people of
the agricultural districts but the
public generally to be present.

PREPARING ANOTHER NOTE TO THE ENTENTE.

Petrograd, Monday, Jan. 21.—The

have been postponed for a few days.
Foreign Minister Trotsky is again in
Petrograd and, according to the
evening papers, is preparing "another

DISPATCHES CLAIM STRIKE HAS ENDED.

(ASSOCIATED PRESS TELEGRAM)
London, Jan. 22.—The strike move-
ment which assumed such menacing
dimensions in Austria on Sunday was
virtually ended Monday morning
when the strikers either resumed
work or held meetings at which a
decision was reached to go back to
their tasks today according to news
agency dispatches from Switzerland.
Before this, however, the strike and
the food demonstrations accompanying
it had spread throughout the
whole empire continuing in Galicia
and had everywhere assumed a po-
litical character with the demand for
peace taking precedence over every-
thing else. On Sunday evening, ac-
cording to a wireless press dispatch
from Bern, disorderly scenes took
place when hunger marchers were or-
ganized and a number of shops
closed. Vienna. One crowd threat-
ened to cut its way toward the im-
perial palace, but was driven back
by the guard.

BOLD ROBBERY OF A DETROIT JEWELER; ESCAPE WITH \$60,000

Detroit, Jan. 22.—Three bandits
entered the jewelry store of Ralph
Dewey, in the downtown district this
forenoon, bound W. R. Granger, the
manager, and escaped with valuables
said to be worth \$60,000.
According to the police, the rob-
bery had been carefully planned. A
clerk who usually reported for duty
at the jewelry store before 9 o'clock
received a telephone call at his home
this morning telling him that he need
not go to work until noon. The
clerk told the police he thought the
store would be opened at noon to
obey a fuel administration order.

No customers were in the store
when the bandits entered. W. R.
Granger, the manager, quickly was
overpowered, beaten and dragged in-
to a back room. The bandits got
away with cash, diamonds and other
jewelry.

The alarm was sounded by Grain-
ier. When detectives reached the
store Granger was bleeding profusely
from a cut on his head. He de-
clared that he was dazed from the
beating he received but that he was
able to release himself after he re-
gained consciousness.

SNOW STORM IS RAGING OVER A PART OF COUNTRY

(ASSOCIATED PRESS TELEGRAM)
Washington, Jan. 22.—Snow was
falling today throughout the western
half of the country, north of Georgia,
and promised to tie up the country's
transportation systems as badly as
they were before the beginning of the
five-day industrial shutdown, de-
signed to aid the railways in clear-
ing their lines of congested traffic
and to place coal in communities
suffering from the severe cold.

From the New England states
southward along the Atlantic coast
to Georgia, and extending inland to
the Mississippi river, the storm con-
tinues. It began during the night
and to place coal in communities
suffering from the severe cold.

The snow, which has been heavy
in many sections, comes from a dis-
turbance northeast of Lake Superi-
rior. Another was central today on
the North Carolina coast which was
being followed by a cold wave in the
northeast.

Colder weather in the Atlantic
states was forecast and somewhat
lower temperatures were predicted
for the Ohio valley and upper lake
region with local cold waves in up-
per Michigan and northeast lower
Michigan.

RESUME BUSINESS AFTER THE FIRST HEATLESS MONDAY

(ASSOCIATED PRESS TELEGRAM)
Columbus, Jan. 22.—On fuelless
Mondays hereafter the state fuel ad-
ministration will leave much to the
county fuel committees, handling
only bigger questions that may come
up, it was said today. This decision
came as a result of local problems
that best can be handled locally,
rather than through the state organi-
zation here. These local problems
were virtually the only ones that
caused any difficulties yesterday and
today.

E. D. Leach, assistant administra-
tor, called yesterday's shut down in
Ohio "wonderful" in a resume today.
Co-operation obtained, through in a
few instances not to the letter of the
Garfield order, was general and "sin-
cere." Those affected by the order,
he declared, tried to do what, in
their judgment, was the proper thing
to do and the first fuelless Monday
turned out to be much more of a
success than administration officials
expected, especially in view of the
short notice.

The coal situation in the state so
far as immediate effects of the fuel-
less day are concerned, is not notice-
able to any great extent today, ac-
cording to J. B. Dugan, chief inspec-
tor of the public utilities commission.
Transportation tied up, largely due
to cold weather, has offset an im-
mediate change for the better that
might otherwise have been noticed.
There was, however, some progress
made in getting coal moving, he said.
It was admitted too that effects of
the shut down probably are not to
be seen so readily because the situa-
tion might have been worse than it
is. Also, future developments may
show bigger benefits than now are
seen.

Ohio people turned out in full
force today to resume "business as
usual," enthusiastic over the reports
that the first fuelless Monday had
been strictly complied with by busi-
ness enterprises and that relief now
was in sight for those who have spent
many restless days recently.

With business in general again
under way, so-called non-essential es-
tablishments are spending the last
day of their five-day shut down pe-
riod, decreed by Federal Fuel Admin-
istrator Garfield, preparing to begin
work tomorrow at full capacity.

Transportation difficulties inter-
fered in the proper distribution of
coal over the state, but regardless of
this many cars of the fuel were di-
verted from their destinations and
placed at the disposal of domestic
consumers.

State Fuel Administration officials
indicated today that the snow which
fell last night again may cause a set-
back in the movement of coal, caus-
ing another day before Ohio can be
properly supplied.

CONGRESS HEARS ANNUAL REPORT OF FEDERAL RESERVE

(ASSOCIATED PRESS TELEGRAM)
Washington, Jan. 22.—Effect of
credit expansion on the general rise
of prices, and the part the American
people can play in counteracting in-
flation by war time economies, were
emphasized today by the federal re-
serve board in its annual report to
congress.

Explaining that even though
credit expansion is not entirely re-
sponsible for increase in prices, the
board says, it regards it as one of
its most important duties to pre-
vent, as far as practicable, expan-
sion of banking credit from running
an uncontrolled course.

"Goods and credit," says the re-
port, "must be saved to the utmost
of our ability in order to check the
upward movement of prices and in
order to free for the use of the gov-
ernment the goods and savings re-
quired for the winning of the war."

The present condition of a greatly
expanded currency will be improved,
the board believes, as the public per-
forms its duty of absorbing the gov-
ernment loans out of savings. Be-
fore the third Liberty Loan, the re-
port adds, federal reserve banks
must reduce their investments to
strengthen reserves, and avoid fur-
ther expansion that has accompanied
the last two Liberty loans. The
board does not say specifically how
it proposed to do this.

Among the many effects of the
war on the money market, the board
explained that one of the most pro-
nounced had been the effort of cer-
tain interests to have the federal re-
serve system absorb 90-day notes or
other short term papers accepted
with the privilege of repeated renew-
als. The board has persistently op-
posed any such effort to destroy li-
quidity of the banks' assets on
which the system is based. The re-
port says, but it admitted that the
difficulties of private and corporate
financing was so great as to justify
action by congress.

The most serious problem cor-
porate financing has been removed by
government operation of railroads,
says the board's report, but the sit-
uation is still serious.

"The board, therefore, respect-
fully suggests early consideration by
congress of the problem of corporate
financing in the belief that no satis-
factory solution will be found that
does not involve some degree of gov-
ernmental intervention. The board
is of the opinion that some plan for
government intervention or aid can
be worked out which would meet
the requirements of the situation
satisfactorily."

Referring to the enormous strain
on finances during the past year of
the government's war loans, and to
the aid given by the federal reserve
system, the report says:
"The federal reserve note will
more speedily attain the position
originally intended for it—from be-
ing an occasional emergency cur-
rency used to supplement deficiencies
in the supply of other existing forms
of currency, it is becoming the most
important constituent of our cir-
culating medium, responding promptly
and naturally to currency require-
ments from whatever source proceed-
ing, thus giving to our whole cur-
rency a kind and degree of elasticity
it has never before possessed."

Earnings of the 12 federal re-
serve banks in 1917 were reported as
\$15,800,000 gross, and \$11,200,000
net, with declared dividends of about
\$6,800,000. The boards expenses
have been a little less than \$250,000
and the cost of administering the
gold settlement fund has been only
\$3,500 or 1-2 cents per \$1,000.

The entrance of state banks and
trust companies during the year
strengthened the system greatly,
says the report. Although the gold
reserves increased enormously in
quantity, the proportion of reserves
to deposits fell in proportion to the
expansion of credit.

No radical amendments of the re-
serve act are suggested, although a
few minor changes are recommended.
They include:
Election of directors of reserve
banks by a simpler method; provi-
sion for printing bigger denomination
of currency; reserve notes; provision
for incorporation of foreign trade
banks under federal reserve charter
and permission for national banks
to establish branches in their cities.

WEHRE COMPANY TO RESUME TOMORROW WITH FULL FORCE

Having met the requirements of
the federal fuel administrator and
closing their plant for the past five
days, the Wehrle company will re-
sume operation tomorrow, Wednes-
day morning.

The plant will resume work in
every department with a full work-
ing force.

FUEL FAMINE BROKEN.

(ASSOCIATED PRESS TELEGRAM)
Toledo, Jan. 22.—As a result of
the heatless days, local coal dealers
will have two hundred carloads of
coal for distribution this week to do-
mestic consumers. H. G. Wilson, sec-
retary of the county fuel committee,
announced today. It will break the
fuel famine.

Practically all the factories closed
for five days by Garfield's order will
resume operations tomorrow. Sever-
al were practically out of coal when
the order to shut down came, but
their bins have been replenished.

In The Waist Department A Special Sale of Fine Waists

In going through our waist stock, we have taken out all waists that are reduced to one or two of a kind, and will offer them Wednesday at very low prices. These consist of white silks, white crepes, lace waists in white, pretty models in delicate shades of crepe, fine silk waists in white and black, or other color combinations. All attractive styles which have been placed in three assortments and marked at \$2.00, \$3.00 and \$4.00 each

side, painted, valleys and gutters overhauled, new front doors placed, the Platt Iron Works completely overhauled and placed No. 2 pump in working order at an expense of \$1050, the exhaust steam from the high-speed engine was piped into the heater to save fuel. We deplore the fact that the packing is in need of replacement, and we were not able to have it done from the fact that the appropriation was exhausted, and it was impossible to have a transfer of funds in order to take care of it. The breaching gave out and it cost over \$400 to repair it. This depleted the funds causing the deficiency.

On January 1, 1918, there were \$4,094.07 of unpaid water bills, since that date we have made charges of \$210,050.55, and the unpaid bills on January 12, 1918, amounted to only \$767.26. Of this amount almost one-half are the bills of the last quarter.

Consolidated Statement of Years 1914, 1915, 1916, 1917.

The summary of the four years operations of the municipal waterworks, or during the administration of Mayor R. C. Bigbee, is here given. It shows that during this time the plant was entirely self-sustaining; based upon the conditions under which private ownership would have operated. Not only that, but it has been a source of profit to the community, it has paid its own way entirely and added much valuable enlargement of the plant.

We have paid off during this time \$90,000 in bonds, earned all the interest falling due amounting to \$82,454.37; made additions to the plant of \$44,477.12; had an inventory of supplies and motors all paid for to the value of \$8,348.42; have spent in the maintenance of the plant \$14,427.48, and all that the taxpayers have contributed to this vast sum in the shape of taxes was \$12,236. We have during this period charged off to depreciation \$31,062.86.

The expense and plant revenue statement follows:

MUCH RHEUMATISM

Local Druggist's No-Cure No-Pay Offer Attracts Many Sufferers.

If there are any rheumatic sufferers in town have not availed themselves of T. J. Evans' generous offer they should do so at once.

He states that if Rheuma, the guaranteed prescription for rheumatism, does not give any purchaser quick and joyful relief he will return the purchase price without any quibbling or red tape.

Rheumatism is a dangerous disease, and anyone who has the slightest taint of it should drive it from the system as soon as possible. Read what Rheuma did for this sufferer:

"For five years I suffered with particular rheumatism, having bunches on my elbows, feet and wrists. I took everything I could get, with no relief. I saw your ad. and was greatly improved before I had used two bottles, and was cured before I had finished the third. I thank God for Rheuma and that I am free from rheumatism today. If anyone wishes information from me I will write them. Think Rheuma is a miracle."

—Mrs. Lucia Ryder, 102 Gilbert Street, Syracuse, N. Y.
T. J. Evans and good druggists everywhere sell Rheuma. A large bottle is inexpensive and sufficient for two weeks' treatment.—Advertisement, 1-15-18-22

A Little Talk To Men!

ON THE BUSINESS OF CHOOSING THE RIGHT SHOES

—Your Shoes are undoubtedly the one article of your apparel indicative of progressiveness.

Don't you yourself instinctively size a man up by his shoes? If they are not in keeping with the rest of his appearance, don't you feel that something is amiss?

—Here you are sure of always getting just the right style—the right shoe for the occasion—whether for business or dress, for sports or for military duty.

—We are specialists in Men's Footwear and we go further than that—we are specialists in specialties as well as the more staple kinds.
